

## **Sprint 4 Report , SnakeCatcher, 12/04/17**

### • Actions to stop doing:

- Stop showing up late to scrum meetings without communication.
- Working in branches and not pushing well tested code in units.
- Start pulling and pushing code consistently and constantly.

### • Actions to start doing:

- Team members should communicate more efficiently by checking slack more.
- As a team we should start working on the project in group settings to get more done.
- When working on code in branches, communicate with what will be altered so that merging won't be that messy.

### • Actions to keep doing:

- As a team we should keep updating the trello board with detailed tasks.
- As a team we should keep staying focused during our meetings to stay on track for our sprints.
- As a team we should keep meeting outside of scrum meetings to work on the project and discuss issues.

### • Work completed/not completed + Backlog from previous Sprint:

- (55) As a user I want to be able to use the location services to find my phone.
- (34) As a developer I want to make sure the recordings will be stored for only a certain amount of time.
- (34) As a user I want to be able to set up a recording without much trouble.
- (34) As a user I want to be able to access recordings that I have chosen to keep.
- (55) As a developer I want to make sure all errors are handled and the app runs smoothly.

### • Work completion rate:

- 2/5 user stories were completed
- 105 ideal work hours completed
- 13 days in Sprint 4
- Roughly 8.07 hours per day of work
- Approximately .15 user stories per day completion rate
- See burn-up chart for Sprint 4
